HISTOLOGY SERVICES
ALABAMA PATHOLOGY ASSOCIATES, PC

Technical Histology Services

- Rapid Turnaround Time (1-2 days)
- Competitive Pricing that includes all supplies and shipping (see list)
- Licenced (ASCP) Histotechnologists (see list)
- Experience with both human and animal tissue, preparing over 100,000 slides per year
- Large menu of IHC and Special Stains using Roche and Spring Biosciences reagents
- State-of-the-art equipment, primarily installed in 2016 in new condition:
 - Automated HE-600 H&E Stainer by Roche Diagnostics
 - Automated Benchmark Special Stainer by Roche Diagnostics
 - Xpress Rapid Processor by Sakura
 - Microtome stations by Leica
- Certified by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO)

General Processing

- Processing to paraffin
- Paraffin embedding
- Re-cuts of pre-embedded tissue
- Tissue decalcification
- Tissue levels – throughout tissue

Special Stains

See attached list

Other special stains can be completed upon request. An extra charge may apply depending upon the reagents required. If there is a special stain needed that is not listed, please contact Mary Ford or Robbie Thomason at (334) 281-5774 to discuss that particular special stain.

Pricing Examples*, **

- Process, embed, cut 1 section: H&E \$15.00
- Special Stains (per slide)
 - Level I (non-silver) \$30.00
 - Level II (advanced) \$37.50
 - Level III (silver) \$40.00
- Immunohistochemistry (IHC)
 - Single Chromogen IHC \$75.00
 - Dual Chromogen IHC \$90.00

*volume discounts and additional technical options available

**discounted FedEx shipping available

Histotechnology Staff

- Mary Ford, HT(ASCP), Laboratory Supervisor
- Tonette Granthum, HT(ASCP)
- Samantha Dennis, HT(ASCP)
- Robbie Thomason, HT(ASCP)
- Andrea Williams, HT
- Candi Champhilak, Laboratory Assistant/Prep Tech
